

Chemical safety cabinet

PRODUCT INTRODUCTION

SAFOO series high performance safety cabinet strictly corresponds to OSHA29 CFR1910.106 and NFPA CODE 30 STANDARD, at the same time, it passes third party EU CE authorized certification.

Chemical safety cabinet-product feature

Double-walled steel structure with 38mm insulation for fire resistance.

Normative safety signage in large red lettering.

Unique anti-leakage board enables free up and down adjustment

Cabinets are epoxy painted for both inner and outer.

50mm leakproof sump for spills containment.

Two vents with integral flame arrestors

Three point locking enables open and close to 180°, The door with two keys for security, available for optional Master Lock to limit access to authorized personnel.

Welded 1.2mm thickness steel offers optimum longevity with increased heat resistance

Usage of piano hinge enables smooth close of the door which can easily open and close to 180°

Layer board supporting: The multi-layer plate is convenient to adjust the height of the laminate.

B&C industrial safety cabinet currently has 3 colors of 7 models. Three colors differentiates clearly different types of liquid.

黄色易燃品存储柜

B&C series yellow safety cabinet is used to store various kinds of flammable products with flashing point under 45°C, for example, gasoline, alcohol, kerosene, methyl alcohol, ethyl alcohol, etc.

红色可燃品存储柜

B&C series red safety cabinet is used to store various kinds of flammable products with flashing point above 45°C, for example, diesel, engine oil, lubrication oil, etc.

蓝色弱酸弱碱存储柜

B&C series blue safety cabinet is used to store various kinds of weak alkali, for example, acetic acid, carbonic acid, phosphoric acid, silicic acid, etc.

Chemical safety cabinet

Model	Specification		Configure
SF004	External Dimension(mm): 560×430×430mm	Model: 4 gallon	Single door/ Ground wire
	Internal Dimension(mm): 460×350×350mm	Shelf: 1	
	Volume: 15L	Weight: 35kg	
SF012	External Dimension(mm): 890×590×460mm	Model: 12 gallon	Single door/ Ground wire
	Internal Dimension(mm): 790×510×360mm	Shelf: 1	
	Volume: 45L	Weight: 60KG	
SF022	External Dimension(mm): 1650×600×460mm	Model: 22gallon	Single door/ Ground wire
	Internal Dimension(mm): 1550×520×360mm	Shelf: 3	
	Volume: 83L	Weight: 90KG	
SF030	External Dimension(mm): 1120×1090×460mm	Model: 30gallon	double door/ Ground wire
	Internal Dimension(mm): 1020×1010×360mm	Shelf: 1	
	Volume: 114L	Weight: 100KG	
SF045	External Dimension(mm): 1650×1090×460mm	Model: 45gallon	double door/ Ground wire
	Internal Dimension(mm): 1550×1010×360mm	Shelf: 1	
	Volume: 170L	Weight: 138KG	
SF060	External Dimension(mm): 1650×860×860mm	Model: 60gallon	double door/ Ground wire
	Internal Dimension(mm): 1550×780×760mm	Shelf: 1	
	Volume: 207L	Weight: 163KG	
SF090	External Dimension(mm): 1650×1090×860mm	Model: 90gallon	double door/ Ground wire
	Internal Dimension(mm): 1550×1010×760mm	Shelf: 2	
	Volume: 340L	Weight: 190KG
